TECHNOLOGY MUSEUM

Ancient Greek technology: A unique exhibition refers to the prehistoric period, till the Hellenistic and Byzantine period. The exhibition features more than 70 exact replicas of machines that have marked people's lives and set the cultural context, as well.

Transportation technology: This part of the museum features car models that marked the history of automobile. The exhibition consists of 5 main thematic areas, based on 5 top car models of the 20th century: mass production, city and environment, technological advances, design and society and speed.

Techno-park: An interactive exhibition, where you will actively participate and learn while having fun. It includes 50 exhibits, concerning a variety of scientific topics, like electricity, magnetism, vision, mechanics, etc.

“NIKOLA TESLA” TEMPORARY EXHIBITION

“Nikola Tesla: the man of the future” temporary exhibition outlines the genius scientific and technological achievements, as well as, Nikola Tesla's complex personality. The exhibition is organized in cooperation with the “Nikola Tesla Museum” in Belgrade. Sponsored by COSMOTE.

PLANETARIUM (for adults and children 5 and older)

Two small pieces of glass - NEW: Two Small Pieces of Glass" explores the evolution of telescope technology from Galileo's experiments to the HST and beyond. **Duration: 25'**

The Zula Patrol 2: A cartoon suitable for younger children. Learn about the formation and development of Planet Earth, and the life forms who call it home. **Duration: 25'**

From Earth to the Universe: This stunning voyage through space and time conveys the Universe revealed to us by science. **Duration: 35'**

Christmas Star: What exactly was that “Star”? The show looks into some of the most popular issues about the unique cosmic phenomenon, which led the 3 wise men to the newly born Christ. **Duration: 35'**

COSMOTHEATER (for adults and children 5 and older)

Dream Big - NEW: The movie celebrates the human ingenuity behind engineering marvels big and small, and reveals the *heart that drives engineers to create better lives for people around the world.* **Duration: 40'**

Dinosaurs – The Giants of Patagonia (3D): Dinosaurs come to life before our eyes, on the gigantic screen of the Cosmotheater. **Duration: 40'**

SIMULATOR 3D (for adults and children 7 and older, at least 1.20m tall)

Moon Thunder (3D) - NEW: Join our astronaut crew in this thrilling escape from the collapsing surroundings of the moon base. Will you reach the escape pod in time? **Duration: 5'**

Catacombs (3D) - NEW: Paris 1850. On a rainy night you find shelter into its dark Catacombs. Find out if you can keep your cool in this thrilling experience. **Duration: 5'**

All movies are in Greek. Headphones with narration in English are available.

NOESIS schedule is subject to change.
