-Before the shows "Dinosaurs" and "Darwin" in the Cosmotheater, you can enjoy the projection "The Antikythera mechanism".

TECHNOLOGY MUSEUM

Ancient Greek technology: A unique exhibition refers to the prehistoric period, till the Hellenistic and Byzantine period. The exhibition features more than 70 exact replicas of machines that have marked people's lives and set the cultural context, as well.

Transportation technology: This part of the museum features car models that marked the history of automobile. The exhibition consists of 5 main thematic areas, based on 5 top car models of the 20th century: mass production, city and environment, technological advances, design and society and speed.

Techno-park: An interactive exhibition, where you will actively participate and learn while having fun. It includes 50 exhibits, concerning a variety of scientific topics, like electricity, magnetism, vision, mechanics, etc.

PLANETARIUM (for adults and children 5 and older)

From Earth to the Universe: This stunning voyage through space and time conveys the Universe revealed to us by science. **Duration: 35'**

The Zula Patrol - Under the Weather: Learn about the weather on earth and other planets. A cartoon suitable for younger children. **Duration: 25'**

Enchanted reef: An ecological story about life on a reef. A cartoon suitable for younger children. **Duration: 35'**

Oasis in space: A journey of searching life in the Solar System. **Duration: 25'**

Astronomyths: Discover the magic of the night sky, through the myths hidden in the stars. **Duration: 25'**

COSMOTHEATER (for adults and children 5 and older)

Everest (2D): An inspirational ascent with a daring team of climbers who found hope, beauty and triumph in the wake of tragedy on the world's highest mountain. **Duration: 50'**

Dinosaurs – The Giants of Patagonia (3D): Dinosaurs come to life before our eyes, on the gigantic screen of the Cosmotheater. **Duration: 40'**

Darwin- The natural selection (3D): The show presents Darwin's theory in a simple and understandable language. Humanity evolves from generation to generation, by natural selection. Let's follow Darwin, from his early years and get to know his life and scientific work. **Duration: 40'**

SIMULATOR (for adults and children 7 and older, at least 1.20m tall)

Airfighter (3D): Board on your own aircraft and get ready for a fascinating experience, while confronting a hostile robot. **Duration: 5'**

Great Wall of China (3D): This simulator show displays one of the world's miracles: the Great Wall of China. **Duration: 5'**

All movies are in Greek. Headphones with narration in English are available.

NOESIS schedule is subject to change.
