

## 2021 Ecsite Online Conference

# Inclusive tinkering through collaboration and co-design

[registration](#)

Wednesday 9 Jun 2021

16:00 - 16:45

LIVE TALKS WITH AUDIENCE Q&A  
**Equity & Inclusion**

### **Commitment: Equity & inclusion**

This session will explore contemporary issues in inclusive STEM learning practice, with a focus on how hands-on making and tinkering can provide opportunities to work in more equitable ways to support diverse and underserved learners. Over the last ten years, Tinkering EU has been developing a community of practitioners exploring Tinkering practice across the formal and informal learning sectors. In this shared space, museum educators, makerspace practitioners, teachers, adult learning professionals, community group leaders and researchers will come together to discuss,

# Science tours and collections

[registration](#)

Thursday 10 Jun 2021  
17:15 - 18:00

### SOCIAL EVENT

This is a collection of short tours, collections and stories from four different science centres and museums. You can watch the Geldingadalur volcano erupting, sneak into the reserves of Toulouse Natural History Museum, discover the immortal heroes of science and find out more on the stories museums have to tell!
