

## TECHNOLOGY MUSEUM

**Ancient Greek technology:** A unique exhibition referring to the prehistoric period, until the Hellenistic and Byzantine period. The exhibition features more than 70 exact replicas of machines that have marked people's lives and set the cultural context as well.

**Transportation technology:** This part of the museum features car models that marked the history of automobile. The exhibition consists of 5 main thematic areas, based on 5 top car models of the 20th century: mass production, city and environment, technological advances, design and society and speed.

**Techno-park:** An interactive exhibition, where you can actively participate and learn while having fun. It includes 50 exhibits concerning a variety of scientific topics, like electricity, magnetism, vision, mechanics, etc.

## TEMPORARY EXHIBITION CONNECTED

The possibilities offered by modern technology have radically changed our daily life. "Connected" tries to detect the technological advancements that led to this new reality, point out perspectives, and ask questions about opportunities and dangers that arise.

## PLANETARIUM (for adults and children 5 and older)

- Earth's climate:** Earth's place in the Solar System provides the right conditions for the growth and evolution of life. But these conditions are not given and they have been altered during our planet's history. **Duration: 25'**
- Magic Globe:** A little girl Mia walks into an intrigue of her uncle who wants to get rid of the world's seasons. She realizes the consequences of what they are going to do, but Edmund doesn't want to let the plan go. **Duration: 40'**
- Space Opera:** An artistic, philosophic, scientific and cinematic experience all at the same time and indeed a unique experience of its kind. **Duration: 40'**
- From Earth to the Universe:** This stunning voyage through space and time conveys the Universe revealed to us by science. **Duration: 35'**

## COSMOTHEATER (for adults and children 5 and older)

- Dream Big (3D):** The movie celebrates the human ingenuity behind engineering marvels, and reveals the heart that drives engineers to create better lives for us all. **Duration: 40'**
- Dinosaurs – The Giants of Patagonia (3D):** Dinosaurs come to life before our eyes, on the gigantic screen of the Cosmotheater. **Duration: 40'**
- The great journey:** The story of how an astronomer sees the world around him through the history of science and on the basis of modern scientific evidence. **Duration: 45'**

## SIMULATOR 3D (for adults and children 7 and older, at least 1.20m tall)

- Moon Thunder (3D):** Join our astronaut crew in this thrilling escape from the collapsing surroundings of a moon base. Will you reach the escape pod in time? **Duration: 5'**
- Catacombs (3D):** Paris 1850. On a rainy night you find shelter into its dark Catacombs. Find out if you can keep your cool in this thrilling experience. **Duration: 5'**

All movies are in Greek. Headphones with narration in English are available.
