

TECHNOLOGY MUSEUM

Ancient Greek technology: A unique exhibition dedicated to exquisite technological achievements of ancient Greek civilization from the prehistoric period to the Hellenistic and Byzantine period. The exhibition features more than 70 exact replicas of machines that have marked people's lives and set the cultural context as well.

Transportation technology: This part of the museum features car models that marked the history of automobility. The exhibition consists of 5 main thematic areas, based on 5 top car models of the 20th century: mass production, city and environment, technological advances, design and society and speed.

Techno-park: An interactive exhibition, where you can actively participate and learn while having fun. It includes 50 exhibits concerning a variety of scientific topics, like electricity, magnetism, vision, mechanics, etc.

PLANETARIUM (for adults and children 5 and older)

Earth's climate: Earth's place in the Solar System provides the right conditions for the growth and evolution of life. But these conditions are not given and they have been altered during our planet's history. **Duration: 25'**

Magic Globe: A little girl Mia walks into an intrigue of her uncle who wants to get rid of the planet's seasons. She realizes the negative consequences of his vision, but Edmund will not give up his plan easily. **Duration: 40'**

Wonders of the universe: See through the "eyes" of the space telescope Hubble. **Duration: 25'**

From Earth to the Universe: This stunning voyage through space and time conveys the Universe revealed to us by science. **Duration: 35'**

COSMOTHEATER (for adults and children 5 and older)

Life of Trees(3D): NEW FILM Two quirky insects explain the complex processes that happen inside a tree in a fun and entertaining way. **Duration: 40'**

Dream Big (3D): The movie celebrates the human ingenuity behind engineering marvels, and reveals the heart that drives engineers to create better lives for us all. **Duration: 40'**

Dinosaurs – The Giants of Patagonia (3D): Dinosaurs come to life before our eyes, on the gigantic screen of the Cosmotheater. **Duration: 40'**

SIMULATOR 3D (for adults and children 7 and older, at least 1.20m tall)

Moon Thunder (3D): Join our astronaut crew in this thrilling escape from the collapsing surroundings of a moon base. Will you reach the escape pod in time? **Duration: 5'**

Great Wall of China (3D): This simulator show displays one of the world's miracles: the Great Wall of China. **Duration: 5'**

All movies are in Greek. Headphones with narration in English are available.

NOESIS schedule is subject to change.
